#### *Tapware Servicing*

We can make your tap work like new and save up to 45% on water costs.

Backed by a written 5 year guarantee.

Ask us how.

## Tradelink

"Plumbcraft's Preferred Supplier"

### **Ideas to Save Money**

- Install a pressure limiting valve to reduce wear and tear on taps and mixers.
- Have your gutters cleaned out seasonally to prevent corrosion.
- Repair leaking taps to save water and energy costs.

### **Water Saving Tips**

Did you know?

- A leaking toilet can waste up to 16,000 litres of water per year.
- A running tap can use between 15 and 200 litres of water each minute.
- A "forgotten" sprinkler can waste over 1,000 litres of water per hour.
- Limiting your shower to the time it takes to soap up, wash down and rinse off will save you water.
- Turning off the tap and using a glass of water whilst cleaning your teeth could save 9,100 litres per year, per person.
